

# **IDC 100**

( Deinking agent for C.P.O )

**IDC 100, as a deinking agent for C.P.O has excellent bubbling power, penetration power and dispersion or infiltration eve when adding small volume of it, it if an excellent product for removing carbon.**

## **▣ Specifications ▣**

<b>Appearance</b>	<b>: Light yellow liquid</b>
<b>pH(1%sol'n)</b>	<b>: 8.0 ~ 10.0</b>
<b>Ionic</b>	<b>: Non-ion</b>
<b>Component</b>	<b>: POE alkyl ether</b>
<b>Solubility</b>	<b>: Easily soluble in cold water</b>

## **▣ Features ▣**

- 1. Excellent bubbling power**
- 2. Excellent dispersion power of emulsification**
- 3. Excellent penetration power**
- 4. Strong infiltration**
- 5. Excellent carbon removing power**

## **▣ How to USE ▣**

**0.2 ~ 0.5% of notified volume**

## **▣ Packing Units ▣**

**Net 100 kgs PVC or Iron drum**
