■ SPECIFICATIONS ■

- Appearance : Lemon yellow transparent liquid
- Component : Fatty amino oxide compound
- Ion : Anion/Cation
- Density(20°C) : 1.0g/cm³
- Mixture : Easy to mix with water
- 1% Dilution : Transparent liquid
- Stability : Stable with hard water(Alkali : pH 14, Acid : pH 2)

■ FEATURES ■

1. ILTOL SP4 contains no APEO (Polyoxyethylene alkylphenol) free.
2. ILTOL SP4 contains no Phosphate.
3. ILTOL SP4 is ecologically influences nothing.
4. ILTOL SP4 reproduces in each process of dyeing and printing.
5. ILTOL SP4 leaves no marks of twist.
6. ILTOL SP4 leaves no spots.
7. ILTOL SP4 has no yellowish change under fastening.
8. ILTOL SP4 gives smooth touch and volume to textile goods.
9. ILTOL SP4 makes textiles glossy.

■ STORAGE ■

1. For six months in airtight container.
2. In case of frozen, heating or agitation will put back into normal.

■ APPLICATION ■

□ Optimum Process

- Step
 - 1. Pour into 1 ~ 2 washing tub(s).(Spray-wash rage)
 - 2. Cleanse 2 ~ 4 washing tubs.
 - 3. Fasten
 - ※ Tension lowering

- (Advantage)
 - Good rinse
 - Cost down
 - Removal of lubricant

□ Recommendation

- Pouring
 - ILTOL SP4 1 ~ 3m/l
 - pH 4 ~ 5
 - 70 ~ 80℃
- Rinse
 - Processing in 1 ~ 2 washing tub(s)
 - 70 ~ 80℃(Over flow)
 - 1 ~ 2 washing tub(s)
 - Washing with cold water(Over flow)

※ Set up condition of machine : Continuous washing range

■ PACKING UNIT ■

100kgs and 200kgs PVC Drum
